NAEP Update

Post-Assessment District Coordinator Training

Rebecca Logan, Executive Director of NAEP & International Assessments

Oklahoma State Department of Education – Assessments Division

---

## What is NAEP...

---

- The National Assessment of Educational Progress (NAEP), often called The Nation's Report Card, is the largest nationally representative and continuing assessment of what students know and are able to do in various subjects.
  - NAEP is a congressionally mandated project of the National Center for Educational Statistics (NCES).
  - Unlike state assessments, NCES administers the same assessment in every state, providing educators, policy makers, and parents with a common measure of student achievement allowing for comparison among states.
-

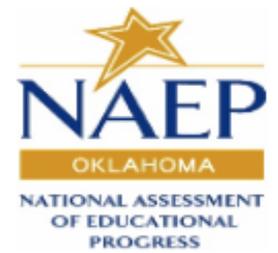

## How is NAEP administered?

---

- NAEP assesses students at grades 4 and 8.
- Student samples are representative of all students in the state at each grade.
- NAEP uses a sample of schools and students. Not every school is selected for NAEP and in many cases, not every student in selected schools are selected to participate.
- NAEP report cards provide overall national and state results, as well as results for different demographic groups. *(In some cases, district-level results.)*

# NAEP Update

---

- In November 2020, the National Assessment Governing Board (NAGB) voted to postpone NAEP 2021 due to the pandemic.
  - NAEP will be conducted in 2022. Districts and schools will be notified in September.
  - Schools originally sampled for 2021 will automatically participate in NAEP 2022 along with additional schools.
  - Assessment window: January 24 – March 4, 2022
  - Postponed Age-17 Long-term Trend will be conducted March 21-May 21, 2022. (14 schools, students age-17)
-

- For NAEP results: <http://nationsreportcard.gov>
- The NAEP features many tools and applications designed to provide quick and easy access to NAEP data, examples of the types of questions students answer, performance comparisons, and more:

# Improvements for Next Year!

Component	Issue	Solution
Kiosk	When students use the Highlighter tool, they were able to copy text from a passage and paste into open response items using Ctrl C/Ctrl V.	The Highlighter tool will be refactored to prevent this behavior for Spring 2022 administration.

# Sunsetting Operating Systems for Next Year

- MacOS 10.13
- Ubuntu 16.04.3
- Fedora 27
- iOS 12.4
- Chrome OS 74-79

# New Features Implemented for Spring 2021

- Ability to delete classes
- Ability to upload classes at district level
- Ability to export a list of students who are not scheduled to take a test
- Ability to view all the test sessions that the student is assigned to and status of each test session
- Access to a Practice site for DTCs, BTCs to practice creating students, classes, and scheduling test sessions year-round
- When an item contains more than one stimuli and the student scrolls on the stimulus, the stimulus tabs will remain locked at the top of the screen so that they are always visible to the student

# 2020-2021 WIDA ACCESS Assessment

- Due to the pandemic and subsequent changes in local service models, the ACCESS assessment window was extended and open from January 11 to June 11, 2021
- This extension was intended to provide LEAs the maximum amount of flexibility in ensuring the greatest number of EL students were provided the opportunity to demonstrate English language proficiency and exit EL status

# Current Testing Status

- As of May 23, approximately 91% of ACCESS online testers had completed all four domains of their assessment (51,080)
- With time remaining in the assessment window, and eventual inclusion of paper-only testers, OSDE ultimately predicts a 93-94% participation rate for the 2021-2022 ACCESS

# Provisional Reporting

- As the extended test window required a shift in the final reporting timeline, DRC will release **provisional** scoring data at the close of ACCESS assessment on June 11
- These scoring data **should** include any student who completes all four domains of their ACCESS Online assessment and/or whose paper materials are received by DRC by May 28
- Note that these scoring data are provisional in nature and may change in final reporting

# Band Exit Status

- As students were able to both participate in ACCESS assessment and OSTP assessment, the Band Exit Process will again be in place for Band Exit appeals based on 2020-2021 WIDA and OSTP assessment scores
- The Band Exit submission window is tentatively scheduled for the second and third weeks of September

## Student Access to Scores

1. Students will need a College Board account to view their scores.\*
2. Direct students to <https://studentscores.collegeboard.org> and log in.
3. Click sign up to register for an account if they don't already have one.

Digital Testing Window	Student Score Release Beginning on
#1 March 24-26	April 16
#2 April 13-15	May 5
#3 April 27-29	May 20

Some scores may be released later for reasons that may include participation in the accommodated testing window or investigation of a test day irregularity that requires additional attention. Additional scores will be released on a rolling basis.

# SAT School Day Score Release - Educators

## Educator Access to Scores in the College Board Reporting Portal

Educators will be able to view SAT scores through the College Board K-12 Reporting Portal. The reporting portal consists of two areas:

- **Report Center:** allows educators to configure and run online reports, apply filters for data analysis, print student reports, and find student registration information
- **Download Center:** provides access to downloadable files of scores

Digital Testing Window	Educator Score Release Beginning On
#1 March 24-26	June 1
#2 April 13-15	
#3 April 27-29	

Educator scores cannot be released until the Oklahoma State Department of Education has a chance to review preliminary student information. This ensures that students are reported to the correct schools for accountability purposes.

**Spring 2021 ACT<sup>®</sup>  
Testing Overview  
& Discussion**

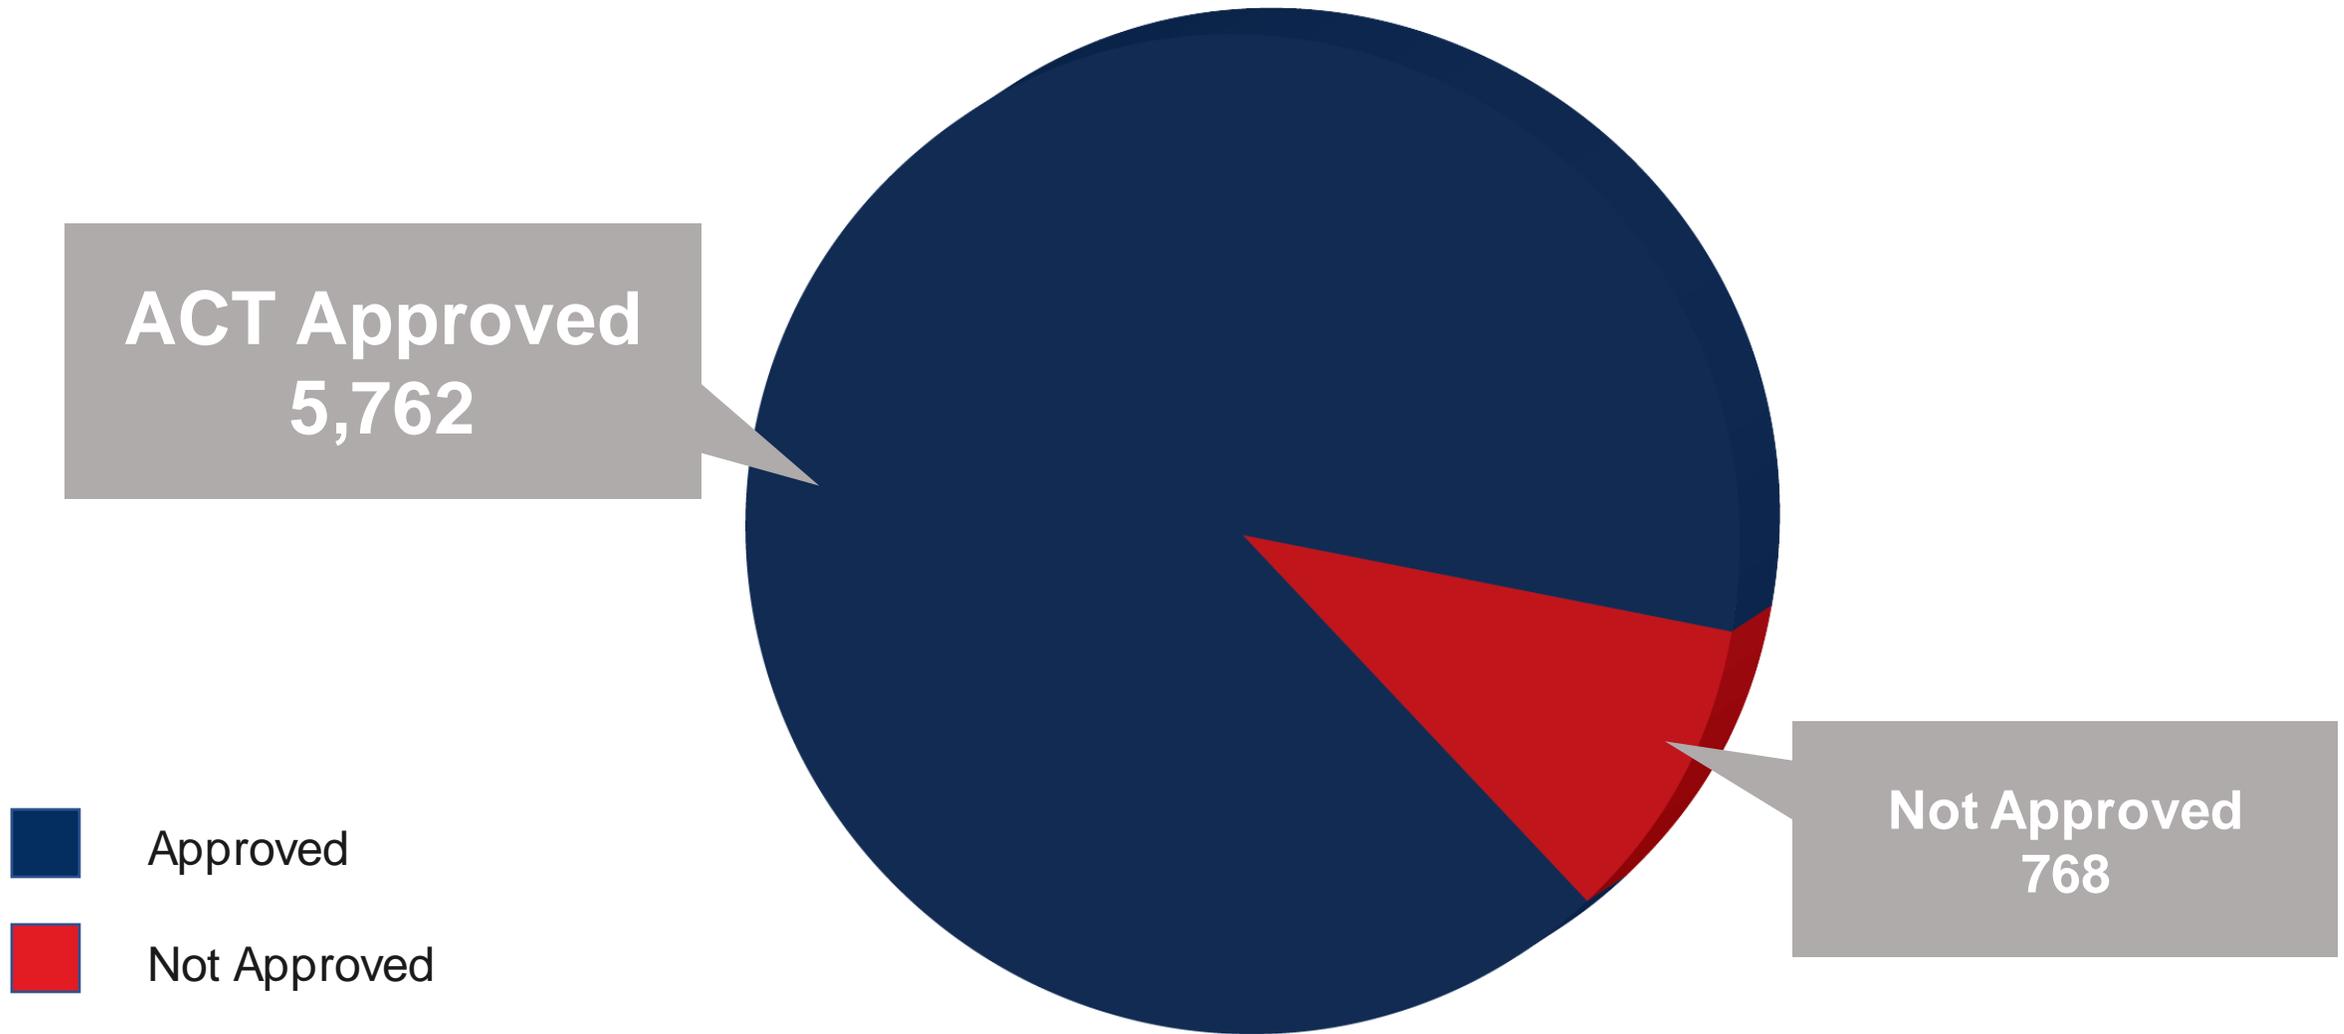

**Oklahoma**

# ACT Statistics

- 437 Oklahoma Schools administered the ACT
- Over 36,000 or approx. 99% of Oklahoma students were successfully tested online
  - Over 9,500 seniors were tested during the senior test option
- ACT approved 5,762 accommodations and 790 EL support requests

# ACT Approved Accommodations Requests

# Top Reasons Accommodations Requests Denied

1. A requested accommodation conflicts with a previously or currently approved accommodation and cannot be approved.
2. The requested testing accommodation must be regularly used in the classroom for tests, and confirmed on the examinee's IEP, 504 or Official Accommodation Plan for in-school use.
3. The accommodations being requested may be provided to the examinee on a locally approved basis during the state or district-wide administration of the ACT.
4. The requested accommodation is not listed on the examinee's IEP, 504 Plan or official accommodations plan.

# Email Communications

- ACT Sent 13 Emails from October through April
- Over 98% of our emails were delivered
- Only 72% were opened
- Of those opened, only 26% clicked on the links within the emails.

# Customer Care Statistics

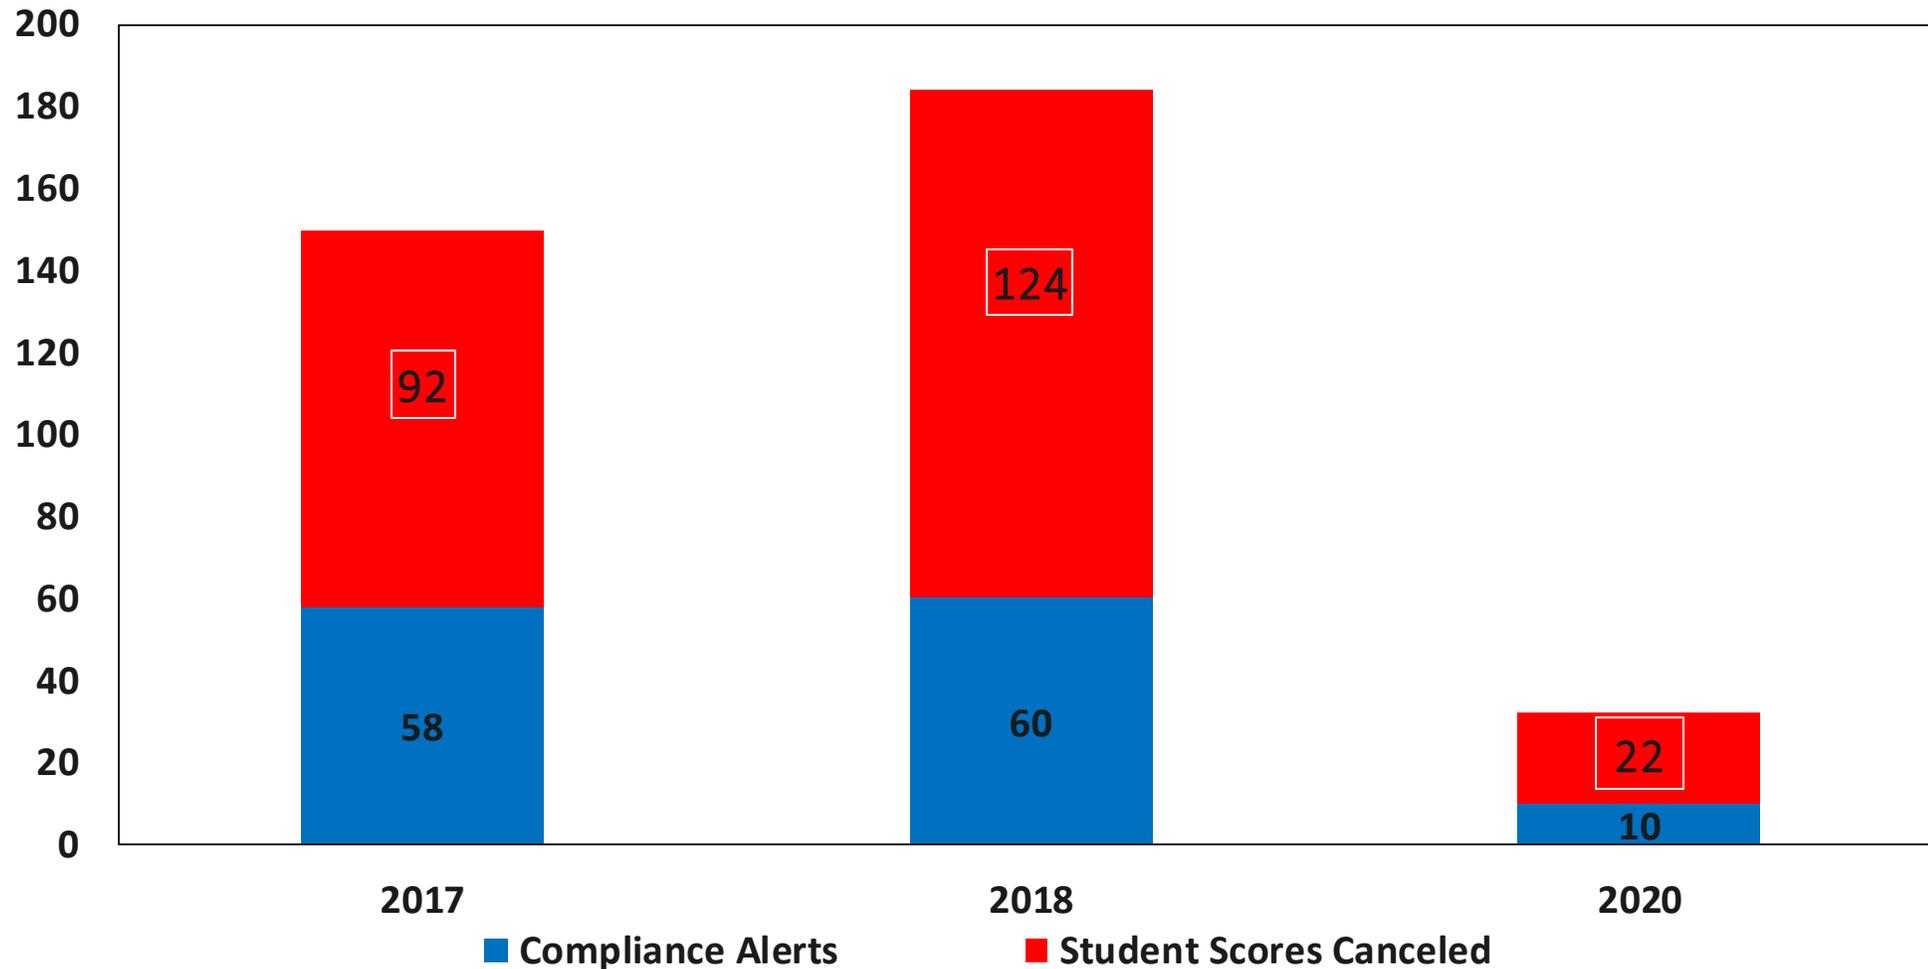

- Average wait times was 8:27 and average call time was 9:34 during pre-test and testing window
- Over 3,700 calls from Oklahoma from February to May.
- Over 1,200 of the calls were during the online window.

# Online Testing

- Overall, a successful experience in Oklahoma.
  - There were 3 sites with internet issues due to harsh winter weather that were moved to approved paper testing.
- Nearly all technical issues could have been prevented by completing the site readiness steps according to ACT guidelines.

# Compliance Issues and Score Cancellations

# Online vs. Paper

## ACT Research Supports Online Testing Validity and Equity

- ACT has conducted extensive research and studies to ensure online testing is equal to paper-based testing.
- Please see *The ACT<sup>®</sup> Technical Manual*, found on ACT.org, for extensive details on the research and studies that ACT has conducted to ensure equality in testing across modes.

Most Common Errors	How To Avoid
3005 - Another application attempted to take control away from TestNav	Disable all automatic application launching per p. 3 of the <i>Technical Guide</i> .
1009 - Network Connection issue	While this can happen unexpectedly, ACT has wireless network best practices listed on p. 18 of the <i>Technical Guide</i> to help minimize interruption.
8026 - Unable to connect to the proctor caching computer. Please contact your administrator.	This can be detected through both the App Check and the Mock Administration.
3105 - Chromebook attempting to use app but is not in kiosk mode	Follow Chromebook setup instructions, starting on p. 20 of the <i>Technical Guide</i> .
8029 - App is out of date	Be sure to download the latest version. If the app is already on the student machine, check to ensure it's the latest version.

# ACT Reporting

- Aggregate reporting and data files will be posted in PearsonAccess<sup>next</sup><sup>™</sup>.
- The first district level data file will be posted on **June 1, 2021**.
- The final data file will be posted no later than **June 21, 2021**.
  - *Note: This will overwrite the June 1 file in the system.*
- District and school level aggregate reports will be posted no later than **July 6, 2021**.
- All reports should be downloaded and saved locally for your use. Reports will be accessible through PearsonAccess<sup>next</sup> until mid-October.
