Grades 3-8 & 11

# Testing Overview

- English Language Arts, Mathematics, and Science assessments are required by the federal legislation Every Student Succeeds Act (ESSA).
- Oklahoma public schools must administer an OSTP general assessment with or without accommodations, or an Oklahoma Alternate Assessment Program (OAAP) test to all students enrolled in a tested grade level.

# Testing Overview

- In order to meet federal ESSA requirements, students must test:
  - English Language Arts and Mathematics
    - annually in Grades 3 – 8
    - once in Grades 9 – 12
  - Science
    - once in Grades 3 – 5
    - once in Grades 6 – 9
    - once in Grades 10 – 12

  - English Language Arts,
  - Mathematics, and
  - Science
- **Grade 11 CCRA**
  - The state vendor for ELA & math is ACT
  - Science and U.S. History Content – Cognia

  - US History (11<sup>th</sup>)

# Demographic Information & Participation Rules

Office of Accountability

# Demographic Information

- All students must be accounted for at the time of testing.
- Ultimately, all student demographic information will be pulled from the Demographic Overlay Report. Please ensure information in your local SIS and the Accountability Reporting application is accurate.
- Incorrect or incomplete information will result in inaccurate student data and may have a negative impact on the final reports issued from the Office of Accountability.

# Demographic Overlay File & Report

- Demographic information is verified through the Accountability Reporting application in Single Sign On:
- Student tab
  - Gender, IEP, 504, EL, EL proficient, Migrant, Homeless, Economically Disadvantaged, Ethnicity/Race, Military, Foster
- Enrollments
  - Exit dates (important for participation expectations)
- Please resolve all demographic and EL conflicts before the end of the window
  - Students with unresolved EL conflicts will be reported as EL

# Demographic Overlay Snapshot

- Demographic Overlay Snapshot Dates:
  - **3<sup>rd</sup> grade early RSA: April 23**
  - **11<sup>th</sup> grade CCRA: April 26**
  - **OSTP grades 3-8: May 13**
- The Demographic Overlay snapshot captures updated demographic information about your students who are required to test. Any information that has changed since the time of the Precode window closing is included in the Demographic Overlay Snapshot.
- Please do not make changes in your SIS before the end of the testing window if possible.

# Participation in Grade 3-8 Tests

- If a student is enrolled in the same district during Precode and the testing window, the grade the student is in at the close of Precode will determine what grade level tests they take.
- If a student changes grades after Precode but takes the test for the previously assigned grade, a conflict may occur.

# Participation in CCRA

- In general, students enrolled in grade 11 on **January 11<sup>th</sup>, 2024**, will be expected to participate in all CCRA tests.
- Students can be manually added to the appropriate portal if the student was promoted after Precode or if the student needs to take a CCRA for graduation purposes.
- Remember that students are **required** to take the state assessments in order to graduate. Please manually add any seniors who have not tested to the testing portal. Students who skip the 11<sup>th</sup> grade are expected to test in the 12<sup>th</sup> grade for Accountability.

# CCRA Make-up Exams

- Currently, any senior who missed any CCRA exam their junior year will need to take the test(s) missed in order to graduate.
- If these seniors are enrolled in April, simply have them take the CCRA test in the testing window.
- If you have seniors that will graduate before the testing window and still need to take tests to graduate, please fill out [this form](#) to request a make-up test.

# Absent Students

- Any student absent during the scheduled test session must be administered the assessment the day they return to school.
- The make-up session must be scheduled within the existing testing window.
- Students must take sections in proper order.
  - Students must finish a content area test before starting another.

# Students Who Receive Instruction Away from Sites of Enrollment

## Students Testing at Alternative Sites

- This includes:
  - Special education consortiums;
  - Alternative education cooperatives and interlocals;
  - Hospital placement or treatment centers;

- Requests must include a description of the student's unique situation, the student's STN, and documentation verifying the situation. Do not include personally identifiable information. 

# Students Who Receive Instruction Away from Sites of Enrollment (cont.)

- Paper/pencil test materials will be ordered by and sent to the district where the students are enrolled.
- Online assessments should be set up by the district of enrollment. The site of enrollment:
  - Verifies student data through the Precode or manually uploads students,
  - Places students in a testing session,
  - Prints test tickets and securely delivers the test tickets to the site of instruction or transfers test tickets through a secure online platform.
- When testing students at their alternate site of instruction, follow the procedures outlined in the *Test Preparation Manual*.

# Students Who Receive Instruction Away from Sites of Enrollment (cont.)

- Score reports will be sent to the districts where the students are enrolled.
- The Test Administrator (TA) at the alternate site of instruction signs a Test Security Form.
- TAs must be certified employees of the school district or site of instruction.
- TAs and TPs cannot be related nor can they be related to any student in the testing session.
- All test books, answer documents, and test tickets must be securely returned to the student's district of enrollment.

# Distance Learners

- Schools must account for all students. This includes all students who are taking classes virtually or remotely.
- All school districts offering online courses or programs must provide at least one onsite location for these students to test.

# Statewide Virtual Charter Schools

- Statewide virtual charter schools offering online courses or programs will provide, and are responsible for the cost of, at a minimum, six alternative testing locations.
  - At least one testing site will be located in each quadrant of the state.
  - One testing site will be located in each of the two metropolitan areas of the state.
  - Testing locations and a testing plan must be submitted to the SDE for approval.

# Accommodations

  - For online testers, “with accommodations” must be checked under the Delivered Locally section in the testing platform.

# EL CCRA: ACT Accommodations & Supports

- ACT requires schools to request appropriate EL supports or accommodations for students with a documented need.
- EL supports or accommodation needs should be addressed during the development of the grade 11 student's English Language Academic Plan (ELAP).
- CCRA EL support or accommodation requests must be submitted to ACT during the designated window and approved before a student can be provided their ACT specific accommodations.
- For more information, please refer to the following:
  - ACT: [Accommodations and English Learner Supports](#)
- Please review the [OSTP EL Accommodation Manual](#) for reference.

# Spanish Translation

- All assessments for all grade levels are available online or in paper format (if needed for an accommodation) in English.
- Grades 3-8 Math, Grades 5 & 8 Science, and Grade 11 CCRA: U.S. History and Science Content are available online in Spanish with Spanish Text-to-Speech.
- There are **no** paper tests in Spanish available for the OSTP administration and there are no Spanish audio files for the English paper tests.

# Text-to-Speech Scheduling Info

- Ensure that text-to-speech (TTS) accommodations are selected in the portal **before** scheduling the student's test.
- If the test is scheduled before TTS is selected, these accommodations will not be available to the student.
- This applies to both English and Spanish TTS.

# Text-to-Speech Scheduling Info (cont.)

- TTS is an OSTP Accommodation for
  - All math, science, U.S. History assessments, and
  - Grade 5 and 8 ELA Writing (extended constructed response).
- The Read Aloud Accommodation must be approved as a Nonstandard Accommodation by SDE for ELA Grades 3-8.
  - If TTS is mistakenly selected for ELA Grades 3-8, the user will receive an error message when scheduling a test session for the student.

# Test Irregularities & Invalidations

# Test Irregularity Vs. Test Invalidations

- A **testing irregularity** is an out-of-the-ordinary situation which does not affect the outcome of testing and does not require students to retest.
  - Requires DTC or BTC to submit a Test Irregularity Form through SDE-provided Google Form.
- A **testing invalidation** is caused by a situation where the test or test security has been compromised and students must retake the test.
  - Requires DTC to submit a Test Invalidation Request through the Accountability Reporting Application in Single Sign On. A training about submitting invalidation requests will be posted on the Office of Assessments website before the testing window opens.

# Testing Irregularities

- Document testing irregularity.
- Re-administer same test form, if possible:
  - Student may need a new answer document or booklet depending on circumstances.
- Complete the Testing Irregularity Form provided by the Office of Assessment. This will be on the SDE website.
  - Take extra precaution when entering student's STN
- DTC must be contacted to obtain a Proctor Password for online testing.
- Proctor Passwords will be automatically reset daily throughout testing.

# Testing Irregularities

  - Please see Appendix K of the [Test Preparation Manual](#)

**If the SDE approves the invalidation, the student will be considered a nonparticipant unless a Breach Assessment is administered.**

# Breach Tests

- In situations when a test must be invalidated, the DTC must enter the invalidation request on the **Accountability Reporting Application** on Single Sign On.
- Check the status through the Accountability Reporting Application.
- Once the invalidation is approved, the SDE will order the Breach Test.
  - The Breach Test must be administered to the student within the remainder of the testing window.
  - In the case of a paper/pencil test, all answer documents for Breach Tests, as well as the invalidated operational tests, must be returned with the scoreable answer documents.
  - In the case of online tests, Breach Tests may not be scheduled on the same day as the invalidated operational tests. Please follow the directions carefully and select the Breach Test form when scheduling the test in the OSTP portal.

# Test Security

- Important information regarding test security can be found in the *Test Preparation Manual*.
- Test materials must be kept secure at all times (i.e., in locked cabinets; behind locked doors) and should not be left in open or unattended areas.
- Test books are not to be opened prior to or after any test sessions. Only the students testing are allowed to view the contents of a test book or an online test and only at the time of testing.
- All secure test materials must be returned to the vendor after the completion of testing.

This Readiness Tool contains questions in ELA and Math. Some of this material may not be familiar to you, but it is still important that you do your best answering the questions. Questions will be presented one at a time. Each multiple choice question will be followed by its possible answer choices. The computer will allow you to have only one answer selected at a time for each question. Sometimes you may be required to use the scroll bar that will appear on the right side in order to read a passage or see a question with all four answer choices. Be sure you have read all answer choices before making your selection.

You will now read two related passages and answer the questions that follow. Some of these questions may ask you to compare the two passages.

### The American Buffalo

1 The state animal of Oklahoma is the American buffalo. It is most closely related to the European bison and the Canadian woods bison. A bison is another name for a buffalo. A long time ago it could weigh as much as 5,000 pounds. But, over the years, the American buffalo has slimmed down. Today, it weighs from 800–2,000 pounds and stands about six feet tall. People recognize the American buffalo by the large size of its head and the high hump on its shoulders. It is also recognized by its thick, dark brown, shaggy hair. It is a very impressive animal.

2 The American buffalo came to North America from Asia. The animals crossed a land bridge that once connected Asia to Alaska. Before long, millions of buffalo freely roamed the prairies of America. The large herds of the American buffalo were part of the landscape. This was quite a beautiful sight.

3 Buffalo were an important part of American Indian life as American Indians could not survive without them. They hunted them for food and used their hides to create shelter and clothing. American Indians made sure they used every part of the animal. They were not wasteful. But things changed when the settlers arrived.

4 Many of the settlers were trappers and traders. They began killing the American buffalo to sell as a

- The Health Benefits of Running
- Running offers both physiological and psychological benefits. A significant
- physiological benefit of running is improved joint health (Sieben, Lindeman 45).
- Because running is an effective calorie burner, it is often an exercise
- people use even to lose or maintain a healthy weight. The more a person
- weighs, the more pressure joints experience, and this seems to increase the
- breakdown of cartilage, the tissue that cushions joints (Groth p. 53).
- Breakdown in cartilage is the cause of osteoarthritis, the most common form
- of arthritis. Thus, running can decrease a person's chances of developing
- osteoarthritis. In addition to reducing the stress that excess weight can cause
- joints, running improves the function of the joints. When a person runs, the
- cartilage in his or her joints compresses and expands

SSID: 123456789	
	
School Name	District-School Code

- If any student demographic details are incorrect on the student label, still use the label **unless** there is a mistake in the main identifiers – **first name, last name, DOB, or State Student ID (STN)**.
- If one or more of these identifiers is incorrect, do not use the label and bubble the student information on the demographic page of the answer document or integrated test booklet.
- If a school receives labels for students who are no longer enrolled, adhere the label to a blank student answer document and mark the reason in box Q.

Q IF THIS STUDENT WAS NOT TESTED, INDICATE THE REASON. Selections are subject to change based upon SDE review and validation.

# Student Labels and Rosters

  - If a student does not have a label for any reason (e.g., label is missing, lost or damaged), bubble the student information carefully on the student demographic page of the answer document or integrated test book.
  - If student ID labels for an entire class are missing, students may bubble their own demographic information.

# Void Bubble

V	VOID-DO NOT SCORE
<input type="radio"/>	Void this answer document.

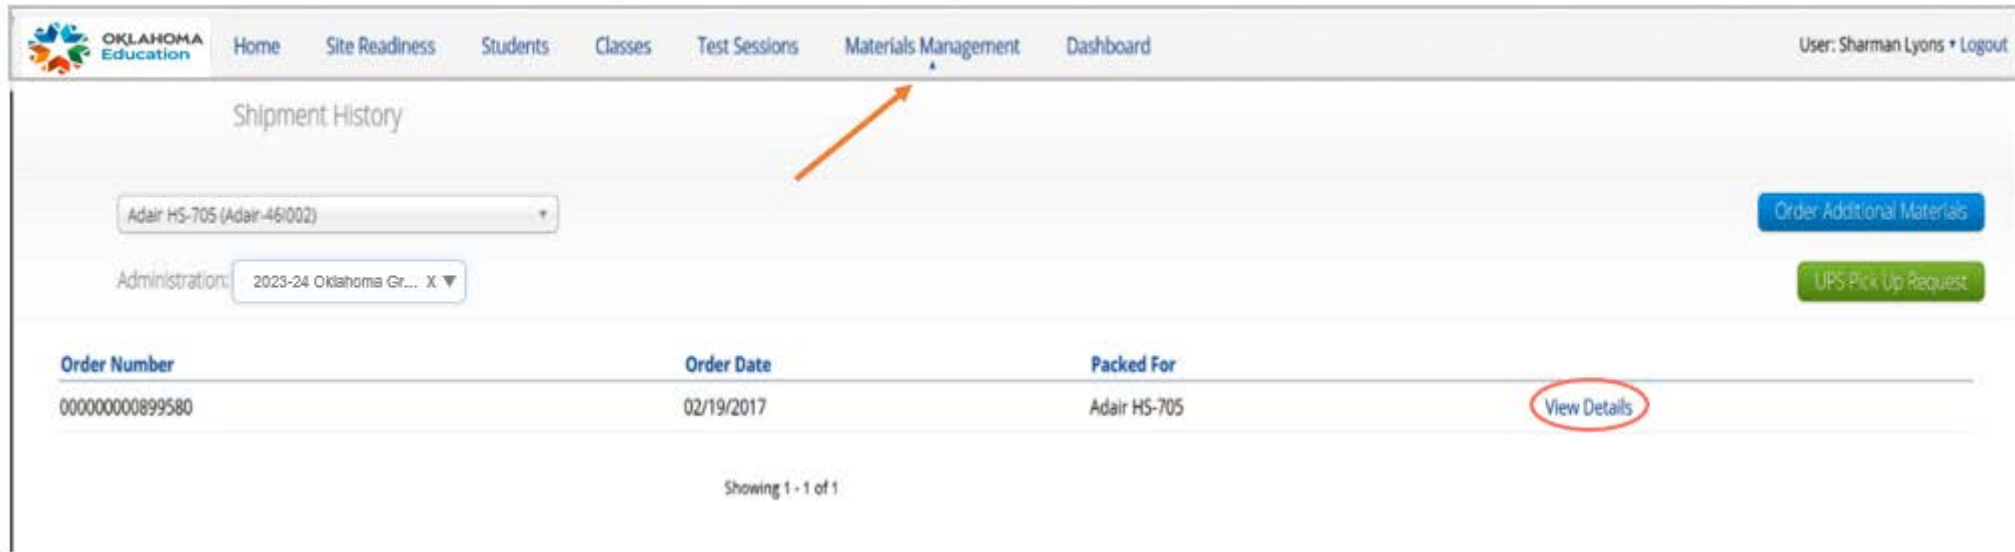

- Voids are applicable when an answer document is damaged and/or not scoreable or a breach has been administered.
- Filling in the void bubble in box V indicates the answer document will not be scored.
- Testing Irregularities need to be submitted using Office of Assessment Google Form.
  - A testing irregularity does not mean an answer document needs to be voided.
